

Universal Knapp Hinged Knee

3659
3659ROM

Warnings and Instructions: Review carefully, proper application is required

⚠ Warning: This device will not prevent or eliminate risk of injury. Do Not Overtighten. If swelling, pain, skin irritation, or an unusual reaction occurs, discontinue use immediately and consult your medical professional.

This device should not be worn by persons with known allergies to neoprene.

Care: Hand wash using mild soap. Rinse thoroughly. Air dry only. Do not tumble dry.

1. Open the hinged knee brace.

2. Center knee over the posterior opening.

3. Align hinges along each side of knee.

4. Center the condyle pads along each side of the kneecap.

5. Wrap and secure the thigh and calf front closures.

6. To adjust for size, completely detach, adjust and secure the closures on the back of the leg.

7. Feed straps through the D-Rings and secure.

8. Finished application

9. **Optional:** After initial application, you may trim extra material inside of the brace between closure and hinge as shown. Realignment at top and bottom may also be necessary.

Reapplication:

The patient should only open the front closures to take-off and reapply the brace as needed.
