The TKO prebent designed specifically for ulnar gutter applications

- Speeds application time
- Malleable palmar and dorsal aluminum stays are prebent to immobilize the patient’s hand in the desired position, and easily modified when necessary
- Reduces the need for ulnar gutter casting or splinting
- Universal size, Right and Left
- Constructed of our Kuhl Neoprene that is perforated for breathability and comfort

The TKO Ulnar Gutter Splint shown in the Intrinsic Plus Position.

TKO-Prebent

Specify Right or Left

**ORDERS:** (800) 654-3241

delivery@hely-weber.com

**TKO Sizing**

Measure circumference at palmar crease

Regular fits less than 10.5 in. circumference

X-Large fits greater than 10.5 in. circumference
TKO® (THE KNUCKLE ORTHOSIS)

Provides positioning for fractures or injuries to metacarpals, phalanges, MCP and IP joints

Universal size, Right and Left

Straps infinitely adjustable for fit and comfort (pain & swelling)

Distal buddy strapping eliminates rotation of the finger

Padded stays are malleable for custom fit

One splint acts as a Boxer’s Fracture splint (ulnar gutter), Radial Gutter splint, and Middle & Ring Finger splint.
